EVENTS and TOPICS of the WEEK in TABLOID ...

Grimsby Town Council meets Wednesday evening in Council Chambers.

. . .

Stuart K. Watt, City Treasurer of St. Catharines, was elected President of the Ontario Municipal Association, succeeding Wm. Jelly, Clerk of Leeds and Grenville.

. . . Mr. and Mrs. George West, two of this districts oldest and highly respected residents, celebrated the sixtieth anniversary of their wedding on Labor Day, at Beamsville.

September first saw the federal ban go into effect prohibiting the use of slot machines. Grimsby and the district watched its "razement" North Grimsby were not effected by this order as both municipalities that occur in the March of Time had cleaned these machines out and Progress. some time ago.

When his hand became entangled in the fan belt of his motorboat engine, recently, Joseph Hand, local commercial fisherman sustained severe in-

There will be an interruption in line.

John H. Dick and Sons, local fruit growers on Livingston Avenue, have this year added further laurels to their already excellent record, in the display of peaches at the Canadian National Exhibition. Out of eight entries, they were presented with seven prizes, as follows: three firsts, two seconds and two third prizes.

Contractors have started to drive piles on construction of the bridge across the Twenty Mile Creek where the four lane highway is being built at Jordan Harbor. The western approach to the new bridge has been built up by about four feet in the past two weeks by a huge steam shovel and a fleet of tractors with dump trailers.

On Tuesday, fishermen of Grimsby were notified to be on the lookout for a dinghy said to have drifted from Long Beach, with a young girl nineteen and a boy eighteen Bell Nelles (Norman's grandfather) years, on board. Airplanes and Harbor patrol boats from Hamilton have been searching the waters of Empire Loyalist who migrated to Lake Ontario for the young couple but little hope is held for their recovery alive. The boat has since been recovered with the drowned body of the boy lashed on board. No trace of the girl can be found.

LIONS CLUB ENTERTAINS

At an annual outing which yearly growing in size and enjoyment, the St. Catharines Lions Club last week entertained the blind people of Lincoln County. Following an afternoon of friendly conversation, supper was served at Taylor's Autotel, Grimsby, and a program of entertainment presented. Lion J. A. Jacklin, of the Grimsby teaching staffs of Grimsby High Lions Club very ably assisted the and Public Schools, with the begincommittee from the St. Catharines ning of the Fall term: Lions Club, which was in charge. "Jack" supplied transportation for cipal; Donald Awde, Misses Flora the persons attending this friendly Aiton, Lila Walker, Annie B. Frasouting, from Grimsby.

Insult To Injury

It is bad enough to have one car stolen - but handing out a summons to the party who had this misfortunte, is adding insult to injury. A local citizen, whose car was parked on a Hamilton street on August 15th, returned from making a business call to find that the car had disappeared. It was finally located on the middle highway, near Aldershot on August 28th, after having been abandoned and left standing for two days. The summons was issued for "parking car unlawfully on the highway."

Editorials, Motes and Comments

HOME TOWN THOUGHTS

Some people seem to love their home town very much, except when they have some money to spend.

People do not make money by speaking disparagingly of the business and achieve ments of their home town.

If you want people to buy your goods better plan out some campaign of advertising so they will know what those goods are and what they cost.

BUSINESS AND FRIENDSHIP

pally on efficiency in serving your employer the money for those children, kind hearted was of great assistance to our first and the public, but also to a certain extent on friends should help them. friendship. People like to do business with friends rather than with strangers. The young man who holds a store or business job, has better chances of promotion if he has the gift of making many friends.

all the time, and show a lack of interest in Many will say that in the majority of trades other people. They can't expect to make that is impossible now, that work is just a many friends. The friendly folks greet the task which has to be put through as soon as world with a cordial smile, and seem so glad possible. to see people that the world likes to meet them and do business with them.

TOWN AND SCHOOLS

on its schools. If a town has the reputation specially valuable. of having fine schools, people seek residence in that place. They say it is a good com- find it a pleasure to dig in their gardens and Earl Durham, his father-in-law, munity in which to bring up children. They till their farms and build homes and tend who had the same objections, he will often go to a good deal of expense to machines. They get satisfaction in perform-

ENFORCE SPEED LIMIT

Though little is heard of it Ontario has a speed limit for motor cars of 50 miles an hour. It is certainly a generous limit and represents close to the maximum at which the best highways can be negotiated with safety. Notwithstanding, however, a considerable percentage of the cars one meets every day on the King's Highways are going above 50 miles an hour and some of them twenty miles over that limit.

This practise should be stopped. Most accidents today as always are caused by excessive speed and over 50 miles an hour is excessive as well as illegal. On curves, loose gravel or in traffic anything even approaching 50 miles an hour is far too fast. Unless fast driving is curbed traffic death roll, already too high, is bound to mount. -Peel Gazette.

BLUE LAWS

We've heard a good deal lately about blue laws in the city and how the parks have been opened and restrictions removed. Folks out of the city wonder what all the fuss is about. Of course there are common sense restrictions on Sunday observance in rural sections. require enforcement. It seems that the commercial side has not been so highly magnified that a day of rest is not a greater attraction.

We go to Acton park on Sundays and find almost every shady spot occupied by a family group, with a small picnic party. The bathing beach is in full operation, but none of these things disturb those who want the quietude of the Sabbath

Church services are well attended in the morning and then a day of relaxation and rest seems the order. And the law of common sense is after all the better way. Those who enjoy these freedoms would do well not to abuse them, that they may long be continued without digging up musty statutes for the suppression of those who flout the law of common sense.

Acton Free Press.

HAVE YOU EVER SAVED A LIFE?

Years of training and years of experience lie behind the deft strokes of the great surgeon's knife, as he performs a delicate operation. Life and death are in the balance. Loved ones tremble,success! The supreme ability of one man in a million has saved another life.

WHETHER OR NOT COLLEGE?-

Shall the young folks go on to college the fall? Here is a question that is agitating the minds of many families where the boys and girls have finished high schools.

Many of these young folks in former years would have quit study and gone to work. Now they have tried in vain to find jobs, and their parents don't want them loafing. The verdict in many families is, better keep on studying. Otherwise some will gain idle habits and some get into actual mischief. If the family can spare the money and the youngster seems capable of benefiting by the higher education, by all means let him or her have it.

In many families the youth can get a job, but it is not clear whether he or she would better stop the education now. Father and mother would better think pretty hard as to just what the student expects to get in college. If his ambitions chiefly center about the football field, or her desires are largely attracted by the social glitter of the college girl, it is very doubtful if he or she would gain so much by the study of the higher mathematics and sciences.

If the youngster loves books, if the climb up the Hill of Knowledge looks very attractive, if these young people are growing better mental fiber from contact with the world's wisdom, it is a fine thing to send them on. The world needs people who have seen life's problems from the hills of the higher vision. The professions and business need those who have explored the best thought of modern science and edu-

The educators say too many young people are going to college. Many of them don't seem to know what they are there for. If they come for purposes other than the acquisition of knowledge, almost any old job would put them farther along the pathway of success.

MEN AND WOMEN DRIVERS-

If you enjoy arguments, you can often get up a good one by raising the question as to whether women or men are as a whole better automobile drivers. Some men frequently find fault with the driving habits of women, and if they see a badly driven car anywhere, they look to see if some woman is not operating it.

Many will say this idea is all wrong, and that the ladies drive at least as well as men and perhaps better. The highway safety educational department of a leading life insurance company recently reported that women are as good automobile drivers as men. It was stated that men react a little more quickly in steering and braking, but the women even the score by being better night drivers.

It is difficult to compare the two sexes in this respect because the men drive many more miles than the women, consequently it must be expected that the male sex would have more than its share of accidents. Also the purposes for which the average man drives are somewhat different from that of the average woman. Most of the commercial driving is done by men. The men also drive many miles getting to and from work. Women drive a great deal to do errands and make calls. Some might argue that the men are usually in a greater hurry to get to their destinations, hence are more subject to accidents.

Women probably have on the average a higher sense of courtesy than men, which helps them become good drivers. Yet some of them get so excited in a tight spot that they do the wrong thing. It can be argued that when women drive as many miles as men, they will become so experienced that they will have no more accidents. Anyway, both sexes have more accidents than they ought to.

NEW COLOR SCHEME FOR KITCHEN-

Perhaps you have grown tired of the green, blue, yellow and red combinations that have been so popular in kitchens during recent years. If you are planning to modernize your home, you may be interested in the kitchen of a suburban home.

A white dado banded the room to a point four feet from the floor. Above that the walls were rose colour and the woodwork was white. The floor covering was a composition material in squares of black, white and rose. Kitchen tables and chairs were painted a deep blue and this shade was accepted in pottery and cannisters.

PERSONAL CARE VITAL TO GIRL-

If you want your daughter to grow up to be an attractive wo-

Don't let her go to bed one single night until her face has been carefully washed, rinsed and dried.

See that the salesman who helps you select her shoes carefully measures her foot before suggesting a size or a style. Never, never let her wear shoes one fraction of a size too short or too narrow. She

ought to be kept in fairly low heels as long as possible, too. Allow her to go along on shopping trips for clothes she is going to have to wear. Don't simply refuse to let her select a certain colour. Explain patiently why she ought not to wear that shade. Train her to know good fabric from shoddy, the importance of getting a few good dresses rather than several so-so ones. In other words, instill the principles of good taste in her little mind while she is young and im-

courses are much more popular.

Fur Fashion Favorites

> Silver Fox Adds Still More Triumphs

By ALICE ALDEN

The pot of gold at the end of fashion's rainbow is likely to be not gold at all, but silver silver fox. This beautiful pelt goes on year after year adding to its triumphs. The silver fox cape, nice as it is, has had to bow before the silver fox coat, and the smart woman prefers even a short bolero of silver fox to a cape. The coats shown here, luxurious as they are, really represent an economy, especially to the woman who goes out a great deal, since they can be worn for day and for evening, and give even the simplest frock or suit a luxury look.

Ruby Keeler, cinema star, is shown, above, wearing her gorgeous silver fox coat. It is collarless, with squared shoulders and straight sleeves. Adrienne Ames likes white fox and uses this snowy pelt for the novel jacket she is wearing at left.

The Sports Clans

This must be sports re-union week in Grimsby. There just seemed to be a gathering of the boys that have helped to make sport history in this district.

Up at the home of "Old Bill" House there are plenty of hockey sticks and pucks flying around, for Art House one of the best junior goalies that this town ever produced is home from Arntfield, Que., and right under the same roof, on a visit, is none other than Charles Lloyd Nicholas Burnside. The one and only "Burnie". He of doublestick handling fame. He who rammed home the \$40,000 goal on Niagara Falls. Those were the days of the great Peach Kings team. "Burnie" is now a resident of Bradford and still doing a little hockey and lacrosse playing.

Also in town has been Leonard "Ping" Hill, a member of that crack junior team of 1922 and 1923 that produced "Hawse" Marsh, Bob Hillier, "Red" Farrell, "Col." Farrell and others. "Ping" since those Peach Bud days went far in Grimsby the hockey world, playing with the best teams in Detroit and Chicago. He is now a resident of the "Windy City". His brother Frank "Hank" Lancaster, Mix and Hill of Kirkland Lake is also home. You all know this lanky kid as it is only three years since he left here to play hockey in the Gold Country.

in the country. Many were the ing for Chicago White Sox. Harold B. Matchett thrilling races that he and Charlie Burland used to stage on the race tracks of this district.

So you see folks, the boys who love to reminisce have had a great week of it.

games" of 1938, we're reminded that the last war games were staged by the kaiser in 1913. And

She took its place. Due to the havor 23; 28:3-25; 31:3-6, the Golden Text been deaf." being I Samuel 15:22, "To obey is better than sacrifice.")

SAUL, first king of Israel, is the most tragic character of the Old Testament. He started well; h had the guidance of Samuel, the loyalty of David and Jonathan, the opportunity of a great national service; but he made shipwreck of i all on the rock of his own willful ness. All could have been different had he, with that other Saul of the New Testament, only been willing to say continually, "Lord, what wil thou have me to do?"

"Make Us a King"

The crushing grief of Samuel's conquest to his own selfish gain life was the nation's rejection of and vain glory. He spared Agag to I visited the old home town God's ideal for them in the theoc- adorn his triumphal return and the racy for their own plan of a mon- best of the sheep and oxen for his The place was greatly modernized, archy. ncrease Shown In Women Drunkards

Salvation Army Greatly Concerned Over Welfare of Women Charged in Court.

Increase in the number of woficers of the Salvation Army who spend six mornings every week in the cells of Toronto City Hall, in that. In the autumn it comes east the police courts and in the reformatories.

Long before nine o'clock in the morning Captain Esther Perry and Captain Elizabeth Watt are talking with every woman prisoner in the cells, offering advice, obtaining legal help for them and bringing friends to their aid before they are called before a magistrate.

While the Salvation Army has been able to do wonderful things for many women who have yielded to the drink habit, the problem of the repeater is very serious and not easily solved, according to the Salvation Army officers.

Last year the Salvation Army America in one long flight, thence made 6,454 visits to police courts; to the pampas of Brazil and the spoke for 3,163 cases; were handed. Argentine. 2,507 cases by magistrates; conducted 11,591 interviews in court. in the fall migration. This has der after-care to discharged prison- land course. ers and aid to dependents. The Army maintains over 50 institutions the after-care of discharged the Eskimo Curlew became so de- face. men and women prisoners.

girl who came to Toronto from a ((about 1890), the Golden Plover before she was out of funds. She the birds became very scarce. Saul: Moral Failure

ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture-1 Samuel 10:17-25; 15:10-23; 28:3-25; 31:1-10.

COPYRIGHT, 1938, KING FEATURES SYNDICATE, INC. The people were delighted with Saul as God wanted Israel to be a theocracy with himself as king. But the people demanded a king like the nations about them. So God commanded Samuel to anoint Saul as their king.

their first king. He stood head and shoulders above them and they shouted, "God save the king." Saul started out very humbly but soon became vain.

After defeatisobeyed God in sparing Agag. Saul best of the spoil, pretending to use God.

God allowed Israel's old enemies, the Phillistines to triumph over them, Saul's sons were killed in battle and he committed sulcide. (GOLDEN TEXT-I Samuel 15:22.)

You're Telling Me By William Ritt

They call English the mother tongue, but our Aunt Emma car use it pretty well, too.

And as August goes 'he way of all months, the tanned skin season gives way to the pigskin season.
